

Here at Snow Park Farm, we believe in the saying, 'quality not quantity', and that is why we have opted to keep it small so that, everything we do matters. That means we put the health, happiness and welfare of all our animals first.

Keeping things small ensures that our meat is of the highest standard and as our animals are given the time to grow and mature slowly, availability is limited. We do advise ordering early to avoid disappointment.

We now offer a nationwide next day, delivery service - using our food-safe packaging, you can be assured that your order will arrive as fresh as the moment it was packed.
Cost per delivery £10.00

You can also order a selection of our fabulous, free range, rare breed, meat, and our fresh free-range eggs direct from the farm gate.

If you have any questions about us, our produce or our terms of delivery, you can visit our FAQ section on our website.

Sonia

NEW...

You can now join the 'piggy club' an opportunity to not just adopt your very own, rare breed pedigree piglet, but watch it grow, receive your personalised adoption pack, and, receive either a silver or gold meat box. By supporting us you will be helping us to maintain our livestock, countryside and our local community.
